

DISTRICT 300

What is Dual Language?

The Dual Language Program is a form of bilingual education in which students are taught literacy and academic content in two languages. (English & Spanish)

What are the benefits of the Dual Language program for students?

- Students develop proficiency in two languages.
- Students tend to perform higher on achievement assessments than those in a traditional program.
- All students develop a positive sense of self and multicultural competencies.
- Students also develop intercultural and global competence that prepares them to succeed in today's increasingly competitive global society.

Dual Language Parent Night

Parents of students entering kindergarten in the 2017-2018 school year who are interested in Dual Language (District Wide) are invited to attend one of the informational meetings to learn more about enrollment requirements and procedures:
